

Parents and pupils all working from home (or trying to) means that devices are few and far between! Did you know it's possible to access Google Classroom using a PlayStation 4, Xbox, or even a Smart TV?

Pupils can use their PS4 web browsers to log into their Google Classroom by following these steps:

- Turn on PS4
- Use controller to scroll to "Library" (far right of bar with games on it)
- Select "Library" application
- Under "search" option, scroll down to "Applications"
- Select "internet Browser" (www) in list of applications
- Start Internet Browser and press triangle button on controller to search
- Type in and search "Google Classroom" and select the first link that comes up
- Select "go to classroom" and log in with their username and password

Pupils can use their Xbox to log into their Google Classroom by following these steps:

- Go to the Home menu
- Select My games and apps
- Scroll down to apps
- Go to the Edge application
- Go to classroom.google.com
- Sign in with their username and password

Pupils can use a Smart TV to log into their Google Classroom by navigating to classroom.google.com in the web browser on the television
