

A thuistí,

Due to this very unfortunate situation, the school will be closed until March 29th.

In order for the children to have some structure to their day we have provided a list of work/activities that the children will be able to complete independently at home.

It is very important that the children are kept motivated and that they use their time productively as if it were as close to a normal school day as possible.

We highly recommend you visiting the <http://www.helpmykidlearn.ie/> to aid you in helping your children during this time.

During what would be school hours (8.45 – 2.30), we highly recommend not allowing children to use their smartphones, iPads, Playstations etc. This is the time we recommend the children do the work we have outlined below.

If your child finishes this work ahead of schedule, we recommend they work on a project of their choice or read another novel.

The education website <https://www.twinkl.ie/> is also offering parents a free month's membership in case you would like to help your children or set work for them yourself! This website is a treasure trove for all subjects.

Coinnigh slán/Stay safe,

Sarah & Conchúr

Gaeilge

Scríobh amach achoimre (summary) de scéal Fionn Mac Cumhail. Léigh an Powerpoint mar gheall ar Fionn Mac Cumhail ar dtús. Bíodh sé scríofa i bhur focail féin.

Write out a summary of the story Fionn Mac Cumhail as Gaeilge. Read the Powerpoint first. Summary to be written in your own words.

Béarla

3 novels to read. Novels of the children's choice.

Novels from home or from the library can be read. Novels can also be read on the website: <https://www.getepic.com/books>. This website is like the Netflix for books. New users to the website may avail of a free one months subscription.

Book review to be completed after each novel (template provided). For every book review we receive the children will be rewarded with a pass obair bhaile when we return to school.

Mata

When children return to school we will expect children to have learnt all tables (addition, subtraction, multiplication and division). There will be a tables exam when we return to school.

We recommend downloading and using tables apps on Smart Devices.

There are 5 sheets of maths questions attached and we expect the children to have these written out in a copy book.

OSIE

Comprehensive Project on World War 2

The children should write in their own words under the following headings using the internet or the powerpoint provided as a research tool:

1. The Rise of Hitler
2. Invasion of Poland
3. Nazi conquering of Europe
4. The Eastern Front/ War with Russia
5. D-Day Landings
6. The Blitz
7. VE Day and Death of Hitler
8. The Concentration Camps
9. Pearl Harbour
